

A photograph of two women walking on a city street during autumn. The woman on the left has blonde hair and is wearing a black leather jacket over a black dress, holding a yellow BIODIA can. The woman on the right has dark hair and is wearing a black leather jacket over a beige dress, holding a red BIODIA can. They are both smiling. The background shows a brick building and trees with yellow leaves. The bottom of the image features a white graphic of stylized hills.

Oudean food Factory (Bio dia) has her origins as a private label drink manufacturer. With the experience built up through the years, we also started to manufacture our own brands of drinks. Adhering to the strict BRC, HACCP, ISO 22200 requirements, we have grown to a world class drink manufacturer, serving the needs of small to big supermarket chains, local and abroad. Our motto of quality products for a reasonable price and with great respect to clients and the environment and good health of the consumers, we have achieved a place on the food ladder as a recognized drink manufacturer.

BIODIA CO., LTD.

OU-DEAN FOODS FACTORY CO., LTD.

As the leading producer of a wide range of high quality beverages, we combined our experience with technology to create Aloe Vera, Ice coffee, Ice tea, Boba tea and other juices.

We firmly believe in upholding our quality as well as adhering to the high standards in the production methods that are certified by BRC, ISO 22000 and HACCP. We have also achieved the Social Accountability 8000 International standard(SA8000).

Besides helping our customers to create best selling drinks, our focus is to build long lasting relationship with our partners. We currently export the drinks to more than 70 countries. Through the years, we have established a good export network, servicing our customers from Asia as well as from the Europe. Our logistics team is always ready to help and advise our clients.

We provide a one stop shop for all your drinks needs – from laboratory, production, design and logistics support. Our employees can speak many languages and are well acquainted with doing business with different cultures.

Tropical® World Food

The joint venture between the Ou Dean Foods Factory and Engel Foreign Food (EFF) was officially established in 2007. With that, the expansion of Aloe Vera drinks throughout the world continued unabated. Tropical and Gourmet are both our premium brands.

We blend the best natural ingredients and fruit juices into healthy, delicious and refreshing drinks. This is not only limited to our own brands.

We help many leading supermarkets chains and brand owners to create their private labels.

Create your own private label.

With the expertise we have built up over the years and the production processes in-house, we can assist you with the development of your brand.

We help our customers from tastes development, packaging to transport arrangements. Our strength lies in our capability to help you create any flavours into a tasty drink, according to your specifications, to your satisfaction and help you grow your business.

TROPICAL®

The brand name "TROPICAL®" represents South East Asia, the part of the world where our Aloe Vera planted come from. The wide range of Tropical® Aloe Vera Drinks was launched in 2008. Since then, the sales of the drinks has expanded to many parts of the world. The healthy and natural concept of the drink appeal to the mass public and made it very popular. Traditional beliefs in the plant for its beauty purposes, many ancient civilisations have many names for this plant. The Indians gave Aloe Vera an appropriate name: Eternal Youth.

Green Tea

Green tea is one of the healthiest beverage in the world. We use unfermented high quality green tea leaves from tea plantations in Taiwan and we brew the tea ourselves.

You get only the purest and natural tea with no additives. We combined the best of the Aloe Vera plants and Green tea leaves to create the tastiest drink for you.

TAILO

O.D. GOURMET ice coffee was launched in 2009. We use premium coffee beans to give a deep aroma. The O.D. Gourmet is perfectly well brewed and its distinctive package, the curved can, gives this series a fancy and exclusive image. Drinking coffee can be easy and fashionable. Enjoy its sensational taste!

BUBBLE TEA

Bubble tea is a tea- based drink with its origin in Taiwan.
There are 2 types of bubble tea – Milk- based and fruit- based teas.
A unique feature of the bubble tea is its bubbles - chewy tapioca balls called Boba or pearls in the tea.

We can create many different flavours of bubble tea in cans, so that you can enjoy the authentic taste of Taiwanese bubble tea anytime, everywhere.

Popping Boba Tea is a thin film shell made of seaweed gel, the same shape as Boba pearls. It is currently the most popular drink.

It wraps sweet and juicy fruit Boba pearls and gently bites them for excellent taste and sweet juice. It bursts on the tip of the tongue instantly, using green tea as the base to add multiple layers of beauty and fun.
